PROFITEERING CASE IS WON BY U. S.

New York Dealer Fined \$500 for Selling Sugar for 15 Cents a Pound.

Washington, Aug. 13.—Important new developments in the government's fight to deduce the high cost of living came today.

One of the most interesting was the announcement by Attorney General Palmer that the first federal conviction for profiteering had been obtained. District Attorney Lucey telegraphed from Binghamton, N. Y., that a retail grocer had been fined \$500 for selling sugar at fifteen cents a pound. No details were given and the law under which the case was brought was not known here.

"A few good cases of profiteering in each state will settle that trouble," Mr. Palmer remarked.

NATION WIDE RED CROSS CAMPAIGN

Washington, Aug. 11.—Plans for a nation-wide Red Cross campaign opening Monday, November 3, and closing Armistice Day, November 11, were formally announced tonight by Dr. Livingston Farrand, chairman of the executive committee of the American Red Cross. The primary object of the campaign which will be known as the Third Red Cross Roll Call, will be to enroll members for 1920 but there will be in addition a general appeal for 15,000,000 to enable the organization to complete its war obligations at home and abroad. There will also be local appeals where necessary, conducted by the Chapters, to secure funds needed for local programs.

During the war there were two annual Red Cross campaigns, the War Fund Drive in the late spring and a Christmas Roll Call for membership, the one in November and in succeeding years there will be only an annual Roll Call in which the Red Cross will seek the re-affirmed allegiance of the American people expressed in dollar memberships. The money so derived will be used for American purposes and the approval thus received is to be regarded as a mandate to carry on future programs.

COUNTY MEMORIAL FOR SOLDIER BOYS.

Committee Selects Memorial Tablets To Be Placed In Corridors Of County Court House.

J. F. Mermoud of Monett, C. C. Fawver of Seligman, M. H. Roberts, of Golden, W. H. Wormington of Purdy and C. C. Chandler of Cassville, the committee named a few months ago to select and direct the erection of a suitable memorial for the Soldiers, Sailors and Marines of Barry county who served in the world war, met in Cassville Thursday and completed the preliminary work for the memorial. All members of the committee were present except Mr. Wormington.

The passage by the legislature last spring of a bill providing for state aid in building suitable memorials in each county, places the work under the jurisdiction of the county court. Since the citizens in mass meeting had already taken steps for a memorial and had the committee appointed, the county court approved the action already taken and the above committee submits its work to the court when completed so that requisition can be made for the part of the cost coming from the state.

After careful consideration of the subject and having had quotations on cost of different kinds of memorials, the committee came to a decision Saturday by selecting for the Barry County memorial burnished bronze tablets. The memorial will be in three sections. The center section will contain the names of those boys who made the supreme sacrifice; the right and left wings or sections are to contain the names of every Barry county boy in the service.

The center section is to be 3 x 5 feet; the other two sections 4 x 5 feet each, making the bronze tablet memorial 5 x 13 feet.

The names of the boys and other lettering on the tablets are to be burnt into the bronze.

This kind of a memorial is very popular and they are being erected all over the country. The contract for the work will be placed with a Chicago company and is highly recommended by the Continental National Bank of that city. The amount of money to be raised to erect the memorial is \$2,000. Of this amount the state of Missouri has appropriated money to pay \$1000 which is ready when Barry county raises her \$1000. This should be an easy matter.

Two persons have been named by the committee for each township to have charge of raising the township quota in the respective townships. Following is the amount of this memorial fund allotted to each township in the county:

Ash township, Tom Galyen, Houston Banks; quota \$10. Butterfield, Cass Jeffries, Joe Reed; quota \$20. Capps, David Courdin, Rev. Fr. Sosna; \$40. Crane, Claud Cope, Bob Wilson; \$30. Corsicana, Knox Garrison, Sam Autry; \$20. Exeter, H. G. Dodson, Walter Sallee; \$50. Flat creek, C. H. Hadley, Emory Smith, \$150. Jenkins, E. R. Perriman, G. Bolin; \$35. Pleasant Ridge, Wm. Marbut, John Pennel; \$35. Monett, S. A.

HINES READY FOR WAGE HEARING.

Will Take Up Requests When Last Of Shopmen Return To Work.

Washington, Aug. 13.—Wage increases for railroad employees will be considered by the railroad administration immediately after the last of the striking shopmen have returned to work, Director General Hines said today. Requests for increases are expected to come from all of the fifteen railroad unions, which have not yet presented demands.

Mr. Hines said the problem of freight rates was "inextricably bound up" with the question of wage advances, indicating that the long expected advance in rates probably would not fully develop until the wage demands were settled.

Don't Be Deceived When You Buy Linoleum

When you go into a store to buy linoleum make sure you get it, and not a felt paper product that closely resembles linoleum and which is frequently sold under the name of "Linoleum," "Felt Base Linoleum," "Enamelled Linoleum," "New Process Linoleum," etc. The Federal Trade Commission has decided that such felt paper floor coverings are not linoleum, and that their sale under the name, "Linoleum," deceives and misleads the public, and hence is a violation of the Act of Congress approved September 26, 1914.

The Commission finds that the word "linoleum," has a definite meaning, and may only properly be used to describe a floor covering composed of oxidized oil and gums intimately mixed with ground cork or wood flour, pressed on a suitable fabric back. The Commission further finds that floor coverings made of felt paper saturated with asphalt, with a pattern painted upon the surface, are *not* linoleum, and must not be described advertised, or sold as linoleum.

One manufacturer of felt paper floor coverings has been ordered by the Commission to stop using the word "linoleum" in connection with his product and discontinue its use in the name of his company until such time as he may manufacture linoleum.

Linoleum enjoys an enviable reputation as a tough, wear resisting and sanitary floor covering. There are three easy ways to distinguish linoleum from painted felt paper floor coverings:

- 1 Linoleum has a burlap back.
- 2 Linoleum does not tear easily.
- 3 The edge of felt paper floor covering is always black.

The safest plan is to demand Wilds genuine linoleum, the only linoleum guaranteed by the manufacturer.

Wilds linoleum is shown in a great variety of patterns by
